

# VISITING FLYOVER CANADA

A VISUAL WALKTHROUGH

# Welcome to FlyOver Canada

Today we're visiting FlyOver Canada. It will be a lot of fun!

During the visit, our mom, dad, friends, family or other guardians become our **FLYING BUDDIES**. We'll stay with them the whole time we're here.

# Follow the Rules

**When we are at FlyOver Canada, we need to follow a few rules:**

- Stay with our **Flying Buddies** the entire time.
- Share when we need a break or need to go to the bathroom.
- Do not take our food or drinks on the ride.
- Listen to FlyOver Canada team members.

# FlyOver Canada Team Members

During our time at FlyOver Canada, we can talk to a FlyOver Canada team member if we have any questions or if we cannot find our **Flying Buddies**. The team members wear bright red shirts with a name tag, just like in these photos.

If we need help finding our Flying Buddies, we can tell a team member our name, who we are visiting FlyOver with and what they look like.

# Entering FlyOver Canada

When we arrive at FlyOver Canada, we may need to buy a ticket. A FlyOver Canada team member will help us. We might have to wait in line, but it will be worth it!

# Lining Up to Enter

We will then go to the correct line up that is listed on our tickets and wait our turn.

# Ticket Scanner

We will have our tickets scanned by a team member. After our tickets are scanned, another team member will take our photo. We can buy the picture after the ride in the Gift Shop.

# FlyOver Canada Rooms

FlyOver Canada is a big place with lots of floors and rooms. The first room we'll enter is called the pre-show theatre. Then we will go to the boarding gate. Then we will go on the ride.

# The Pre-Show Theatre

The pre-show theatre is the first room that we will enter after our tickets are scanned. This room does not have much light, so we must be careful when walking. We will stand in the middle of the room while the show is projected on both walls. There are a few seats available for people who cannot stand. We can sit down if we need to.

# The Preshow Film

The pre-show film includes flashing lights, loud music and sudden noises. We can bring hats, sunglasses, earmuffs, headphones or other sensory tools that help us. We can also ask a FlyOver team member for ear plugs if we need them.

# Boarding Gate Room

After the pre-show ends, there may be a lot of people moving. We will walk slowly and stay with our **Flying Buddies**.

A team member will lead us through a door to a different room called the boarding gate. A team member will show us where to line up.

# The Boarding Gate Safety Video

After we line up at our spot, we will watch a safety video to be prepared for the next room. There is lots of useful information in the video, so we will pay close attention.

# The Ultimate Flying Ride Room

After the safety video ends, we will follow a team member to our seats. We will put any loose items in the pouch under our seats. We will then sit down and buckle our seatbelts from right to left. We will listen and follow exactly what the team member asks us to do.

# The Ultimate Flying Ride Experience

When the ride takes off, there is 10 seconds of darkness. We will stay calm and close our eyes if we feel scared.

Our seats will move forward, backward, up, down and side-to-side through the sky while our feet dangle. We will feel the special effects, like wind, scents and mist. It is a lot of fun!

# Exiting the Ultimate Flying Ride

After the ride ends, the lights will come back on. We will unbuckle our seatbelts and collect all our items from under the seat. We will walk downstairs and exit out the door to a gift shop.

There will be lots of people exiting the ride with us. We will be calm and stay close to my **Flying Buddies.**

# The Gift Shop

After we exit the ride, we will be in the gift shop. At the gift shop, we can see or purchase the souvenir photo that was taken when we got our tickets scanned. We'll also see puzzles, toys and some other cool souvenirs here.

# The Flying Whale Waterfront Cafe

Before we leave FlyOver Canada, we can visit the Flying Whale Waterfront Cafe with our **Flying Buddies**. There are lots of places for us to sit down if we feel tired. We can also buy food or drinks here.

There might be a lot of people inside the Flying Whale Waterfront Cafe. We will be calm and stay close to our **Flying Buddies**.

# Home Time

When we're ready to go home, we will leave with our **Flying Buddies** through the main doors. We had a great time at FlyOver Canada! Let's visit again soon!
